CUSTOMER No. 27199

**Transmittal of Terminal Disclaimer Responsive to Office Action mailed Dec. 3, 2004**

Herewith is a Terminal Disclaimer responsive to the Office Action of December 3, 2004. The Terminal Disclaimer identifies the assignee "Braun Aktiengesellschaft" consistent with the denomination of patentee on its US Pat. 6,083,233 identified thereon, although the name of the assignee/patentee has changed to "Braun GmbH" pursuant to a change of corporate form; it is the same entity.

The Office Action of March 4, 2004 granted the Petition to delete an inventor (Kreutz) and noted that a new Filing Receipt would be mailed, but none has yet been received.

Although prosecution had been suspended pending Interference by the Office Action mailed March 4, 2004, long after the July, 2000 issue date of assignee's Pat. 6,083,233, which patent Examiner himself had made of record in an office action November 2002, it was not until more than 2 years later that the present "obviousness-type double patenting" rejection was first made in December, 2004. Applicants respectfully request that the application be allowed soon, since file inspection of SEB's U.S. Pat. 6,176,862 (Delay) whose claims were copied herein reveals it expired for failure to pay the maintenance fee this week, January 24, 2005 (copy attached), hence Interference appears unnecessary.

It is noted that the "obviousness type double patenting" rejection applied U.S. Pat. 4,960,422 (Demeester), which was cited solely for its disclosure of "control means" to actuate tweezer blades, which are a conventional type of "hair-grasping element". Demeester does not disclose structure for pain soothing, was not cited for such element, and is not relevant to Applicants' structure for performing a massaging action.

The §1.20(d) disclaimer fee of \$ 110 is hereby authorized to be charged, plus any additional fees under §1.16 and §1.17, including time extension, required by this paper, to Dep. Account No. 07-1350. A duplicate copy of this authorization is enclosed.

Respectfully submitted,
